CLASSIC POOL SPA & HEARTH

POOLS • SPAS • STOVES • FIREPLACES

To schedule service, please call 503-292-6018 Monday thru Friday 8am to 4pm.

At the beginning of every swimming season the winter cover needs to be removed, a shock treatment added, the equipment reattached and the pool vacuumed out. The winter cover needs to be cleaned, the equipment checked and the water chemistry balanced.

Don't Want to Open the Pool Yourself?

Imagine just jumping into the pool!

\$399.00 Pool Opening Service*

Includes our eight point service:

- Remove, clean, and store winter cover
- Vacuum, brush, and fill pool
- Inspect filter, pump, and heating systems
- Start equipment
- Balance pool water chemistry
- Install any removed handrails and/or ladders
- Check condition of maintenance equipment, brushes, nets
- Recommendations for a safe, fun, efficient swimming season

**Up to 20' x 40' size pool free of algae growth. Up to three (3) hours labor time in maximum two (2) visits; additional hours at \$149 per hour. Chemicals are not included. Repair/replacement of damaged equipment is not included in the service fee.*

\$275.00 Swimming Pool Closing

Like the pool opening, the pool closing can be a lot of work. Let us do it for you.

We drop the water line below the skimmer if needed, remove the filter and pump, treat the water and put your winter cover on. Now you are ready for the winter.

Up to two (2) hours labor time in maximum one (1) visit; additional hours at \$149 per hour. Chemicals are not included. Repair/replacement of damaged equipment is not included in the service fee.

\$299.00 Swimming Pool Inspection Service

This service is very informative and helpful when buying a home with a pool.

You will receive a written report describing your pool in depth with recommendations for future work.
